

# Let's Work Together

## + Support Local Business

As businesses begin to reopen, let's all remember to:

- Follow their rules for social distancing, mask wearing, sanitation, and other safety measures.
- Give them time to replenish their stock and supplies after months of being closed.
- Be patient if service takes a little extra time until they can become fully staffed.
- Respect them if they wish to remain closed or continue with curbside only for the time-being.
- Stay positive. Brighter days are ahead!
