To find future convalescent plasma donors, Vitalant is testing all blood donations for COVID-19 antibodies.

All donors at this time are being asked to wear a protective face covering for their entire donation process. Donor's temperature will be checked before entering; donors who are feeling ill or have a temp. above 99.6 will not be permitted to enter. Surfaces are cleaned before and after each donor. Please do not attempt to donate if you know you have been exposed to COVID-19 in the last 14 days.

For more information or to schedule a donation,
