

March Member Spotlight - TCS Flooring & Design

TCS Flooring & Design, now serving Walker, San Jacinto, Madison and surrounding counties, is locally owned and operated by Weldon and Amanda Wallace. Weldon grew up learning about the flooring business by working with his dad and uncle. Weldon shared, "We opened in July 1999, in a small building close to downtown. We originally began with carpet and hard surface flooring only. In 2011 we expanded and moved to our current location at 2801 South Sam Houston Avenue and began offering window coverings as well. 2017 brought another change; a new name! The Carpet Store was renamed and rebranded as TCS Flooring & Design to include more areas of home design. We now offer granite and quartz countertops! All countertop fabrication and installing is done in house by members of our own team."

Amanda shared that their mission is to provide product knowledge and installations that exceed consumer expectations through an extensive line of window coverings, backsplash options, flooring and countertops. We are passionately committed to providing an unparalleled experience to our customers, team and community with a continued devotion to providing outstanding results."

Weldon and Amanda have been chamber members since 2002. "Being a chamber member is important to us! The networking opportunities are top notch and most importantly we want to be a part of an organization that benefits other small businesses. In addition the chamber and its members put on events that benefits the city's sense of community."
