## **Who are we helping?**

Since November 1, 2016 our Dane County Assists with New Starts (DAWNS) Program has seen 285 families enter the rapid rehousing program, and establish stability with permanent housing.

These families have previously faced obstacles such as poor credit that enforced the cycle of homelessness.

The structured approach of the DAWNS program includes weekly meetings with social workers and a personalized action plan to achieve specific goals.

In addition to a safe and warm home, families are provided case management and other services to help them recover and build life skills.
