# TELEMEDICINE OFFICE VISITS

As your health care provider, the health and well-being of our patients, employees, and our community is paramount. We understand the concern you may be experiencing surrounding the coronavirus (COVID-19), and we are committed to being responsive to our patients.

***It's important that you know:***

- At this time, our offices remain open for your needs as they may arise. We will advise you of any changes to our schedule.
- We are taking extra precautions and have enhanced the consistent cleaning of our lobbies, exam rooms, and other common areas.
- Phone and check-in screening processes help to proactively identify potentially infected patients.
- If you currently feel ill, please call to reschedule your appointment
- If you have recently traveled to areas with ongoing outbreaks of COVID-19, and you develop fever with cough or shortness of breath within 14 days of your travel, or if you have had contact with someone who is suspected to have COVID-19, please stay home and call your primary care physician for further instructions

## **NORTHSIDE NETWORK PROVIDERS**

Northside has implemented virtual visits (telemedicine) at many provider locations. Please contact your provider directly for an appointment.
