# MEMBER NEWS

## COVID-19 Crisis Edition 4

**Chamber office hours:** As of Friday, March 20, the Preble County Chamber office will be adhering to the posted 10 a.m.-2 p.m. hours of operation until we can get back to normal and hold regular meetings and networking events. We'll be here if you need us for information, resources, certificates of origin and other necessary business!

## Member updates and news to keep you informed

**COMMERCIAL PRINTING SERVICE** -- Member Commercial Printing Service (Connersville, Indiana) reports the CPS Team is doing everything it can to provide for area businesses while we all focus on the well-being of co-workers, customers, families and friends. CPS is still open and operating at regular business hours without experiencing any production delays. Contact CPS at 765-825-2164.

**LCNB NATIONAL BANK** -- From Eric Meilstrup, President/CEO of LCNB National Bank: "After careful consideration of guidance from government and health officials, in addition to consultation with other financial institutions, LCNB has decided to limit access to our bank lobbies at all locations that have drive-through facilities. Beginning Friday, March 20, most banking transactions will be serviced through our drive-through windows. Our branch staff will be pleased to handle deposits, withdrawals and other routine services for you as you remain in your car. For complex transactions or matters that require consultation such as personal or business lending, in-person appointments with our bankers can be scheduled by calling 800.344.2265. We regret any inconvenience that this may cause but will continue to seek to provide you with outstanding service even given the circumstances."

**BANE-WELKER EQUIPMENT** -- Bane-Welker Equipment is open Monday-Friday 8 a.m.-5 p.m., Saturday 8 a.m.-noon. They have parts stocked and ready for spring. They recommend customers call in ahead of time (937-456-6281) so they can have your parts pulled and ready when they get to the store. Visit the company's website for the most up to date information: [www.bane-welker.com](http://www.bane-welker.com).

## We're all in this together: Area establishments offering takeout options (Call ahead for restaurant-specific information)

## FROM THE OFFICE OF OHIO LT. GOVERNOR JOHN HUSTED: RETRAINING OPTIONS FOR PEOPLE WHO ARE OUT OF WORK AND LOOKING FOR TRAINING OPTIONS OR ONLINE RETRAINING RESOURCES

**OHIO TECHNICAL CENTERS:** Ohio Technical Centers provide post-secondary career and technical education (CTE) at 54 career centers across Ohio. These institutions offer programming in the skill trades (i.e., HVAC, Phlebotomy, Police Training, EMT, etc.) that prepare adult learners for certificates, industry-recognized certifications, and state licensures. Ohio Technical Centers are positioned to respond quickly to the needs of business and industry by providing customized trainings and business consultation services to companies in order to assist with meeting Ohio's workforce goals.

**COMMUNITY COLLEGES:** Ohio's two-year college system is made up of 23 technical and community colleges. These institutions allow students to complete the first two years of a bachelor's degree and/or pursue a technical certificate, Associate degree, or microcredential. At an affordable rate, employers can utilize two-year colleges for upskilling and retraining their employees in a variety of fields. Two-year colleges also offer certification prep and customized training in Ohio's most in-demand industries.

**UNIVERSITIES:** Ohio is a national leader in postsecondary education with 14 public universities and 51 private colleges and universities. Many universities offer certificate programs that can be completed in less than a year, giving employees the opportunity to upskill in the short-term.

**MICROCREDENTIALS:** Microcredentials indicate an understanding or mastery in a specific skill or set of skills. Most microcredentials can be earned online and in a self-paced format. Microcredentials provide an opportunity for employee development that leads to increased business productivity without the time commitment of other traditional educational programs. Through Ohio's TechCred program employers can be reimbursed up to \$2000 when employers complete these types of credentials.

**TECHCRED:** [techcred.ohio.gov](http://techcred.ohio.gov) TechCred reimburses Ohio employers when they invest in their employees by sponsoring them to earn tech-focused credentials. Employers can apply for the current round of TechCred, which runs through March 31. TechCred offers employers up to \$2,000 in reimbursement for every technology-focused credential earned by an employee, up to \$30,000 per employer per round. Credentials can be offered by a provider of the company's choice and many of these trainings can be completed online.

**OHIO MEANS JOBS CENTERS:** OhioMeansJobs centers are located within each of Ohio's counties and assist job seekers, employers and youth with job search assistance, employee recruitment, job training, and more. Many OhioMeansJobs centers help subsidize the cost of employee training and upskilling through their Incumbent Worker Training and On-The-Job Training programs. Employers can connect with their local OhioMeansJobs center to connect with new talent or learn more about opportunities to upskill their current workforce.

**OHIO MEANS JOBS.COM:** OhioMeansJobs.com provides all Ohioans with access to free online training and assessments. OhioMeansJobs.com has free online courses on business and computer topics, such as Microsoft and Adobe products.

**LINKEDIN LEARNING:** LinkedIn Learning is an online tool where users can take courses to earn business, creative, and tech skills. LinkedIn Learning has over 15,000 expert led courses. LinkedIn Learning is available for free to any Ohioan with a valid public library card.

### **eBASED ACADEMY:**

The eBasedAcademy is an online learning platform hosted by OhioMHAS. From behavioral sciences to the science of addiction, eBasedAcademy offers classes from Ohio's top educators, professors and professionals. Through the eBasedAcademy you can earn Continuing Education Credits in a variety of fields including psychology, nursing and social work.

### **SHAREDWORK OHIO:**

SharedWork Ohio is a voluntary layoff aversion program. It allows workers to remain employed and employers to retain trained staff during times of reduced business activity. Under a SharedWork Ohio plan, the participating employer reduces affected employees' hours in a uniform manner. The participating employee works the reduced hours each week, and the Ohio Department of Job and Family Services (ODJFS) provides eligible individuals an unemployment insurance benefit proportionate to their reduced hours. You can visit [JFS.Ohio.gov/ouio/SharedWorkOhio](http://JFS.Ohio.gov/ouio/SharedWorkOhio) for more information.

Email your updates to [leslie.collins@preblecountyohio.com](mailto:leslie.collins@preblecountyohio.com).

Deadline to be included in the Monday's update is 5 p.m, Sunday.
