**November is Live Local Month in Falls Church!** Pledge to keep 20% more of your spending money in Falls Church in November shopping, eating, playing, creating, and doing business locally in Falls Church!

### Why Live Local? Spending locally...

- Adds to our local tax revenue which supports our schools, our roads, and our services. Last year's campaign contributed to the City's year-end budget surplus!
- Saves gas and is less stressful.
- Supports your neighbors and their families in our community.
- Generates income for local businesses which enables them to support school activities and nonprofits, and remain a vital part of Falls Church.
- Builds community and relationships.
- Creates local job opportunities.
- Helps to preserve Falls Church's unique business community while also attracting new businesses that serve local residents.

### Show your love for your favorite businesses!

- Shop, dine and spend locally.
- Take a photo and post it to your favorite social media along with #LiveLocalFC and tag the business you are patronizing.
- Check out the Chamber's Live Local Falls Church Facebook Group and Twitter and Insta pages.
- Encourage friends, family, and businesses to participate!

Can't find what you are looking for locally? Visit the member directory at [www.FallsChurchChamber.org](http://www.FallsChurchChamber.org) or post a question to the Live Local Falls Church! Facebook Page.
