Hello!

Help us reverse the brain drain and grow Rhode Island's economy! As a business leader in Rhode Island, you undoubtedly realize the importance of attracting and retaining young talent in our state.

Millennial RI (MRI) was founded in 2015 to encourage millennials to #ChooseRI as their place to live, work, play, and grow. We want our great state to become a thriving hub for millennials and foster the growth and prosperity for all generations.

Through cross-sector programming and collaborative governmental partnerships, MRI has targeted its efforts to reverse the brain drain dilemma facing our great state. A few examples include:

- Hosting financial literacy seminars (on topics ranging from basic budgeting to first time home buying) with grant funds from the City of Providence Dexter Foundation
- Offering professional and personal development workshops led by local experts, such as our ever popular "Adulting 101" series (where we teach "adult" skill sets such as how to civically engage, how to practice consent, and how to maintain healthy relationships)
- Providing employment and internship resources on our website and social media
- Hosting networking events to foster collaborative relationships and develop new opportunities

Millennials are 300,000 strong in the Ocean State, and it's clear that MRI has started making waves. Lead by our volunteer staff and board, MRI has grown to over 250 members and over 5,000 engaged followers on social media in just a few short years.

We recognize our momentum, but know our work to inspire more millennials to choose Rhode Island can't grow without support from the business community. We need you to help us achieve our goals!

MRI is hosting its signature annual event, The #ChooseRI Celebration, on Thursday, March 29th from 5:30-8:00pm at Hotel Providence. This is our biggest networking event of the year – a celebration of over 200 young professionals and elected officials doing great things in Rhode Island. **We invite you to review the three levels of support and corresponding benefits available to see how your business can help us achieve our vision of a flourishing and prosperous state:**
