

STEM Scholarship Recipients:

Miles McCarthy is a senior at Catholic Memorial High School and is planning to attend Williams College. He will study Math and Economics and hopes to open a business of his own in the future. Miles is an accomplished lacrosse player and was recruited by the coaches at Williams College to play for them. An outstanding student, Miles is ranked 2nd in his class of 170, was the recipient of the Yale Book Award, and has achieved many honors and acknowledgements. He is also involved with numerous community service projects, Campus Ministry, National Honor Society, several sports teams, and school clubs including S.A.D.D, Forensics, Recycling and Biology Club.

June Kim is a senior at Wayland High School and is planning to attend Massachusetts Institute of Technology in Cambridge. June will focus her studies on Mechanical Engineering or Aerospace. She earned a 3.9 GPA and continually challenged herself by taking almost all of the AP courses offered at Wayland HS as well as enrolling herself in one of MIT's Math courses. Moving to the United States from Korea in middle school, June learned English as a second language and immersed herself in many activities including the Robotics Team, MIT Edgerton Center Engineering and Design Summer program, playing the cello and practicing Tai Kwon Do. Awarded the Harvard Prize Book last year, June has proven herself an outstanding student as well as a kind hearted young woman.

Madeline Cooper is a senior at Ashland High School. Enrolled in the most rigorous academic course load offered at her school, she has excelled, earning her a class ranking of 2nd out of 183 students while also holding the office of class president. Madeline also held an impressive biomedical internship at Worcester Polytechnic Institute and shadowed a physician at the Cambridge Family Health Alliance to enhance her education on biomedical/chemical engineering and neuroscience. Madeline is the girls' Varsity Soccer team manager, a member of the National Honor Society, a certified life guard and involved in several community service and school groups.

Igor Alves is a senior at Joseph P. Keefe Technical High School and is planning to attend Brandeis University. Ranking second in his class of 161, Igor is an excellent student and a role model for his peers and siblings. He is one of few students who took advantage of the Cooperative Education program from the start of the school year, where he has successfully worked for the corporate office of TJX. This program required Igor to retain a high-GPA and maintain good attendance. Igor has excelled in the Information & Technology field at school and will surely continue to do so at his University of choice.

Jamie Horrigan is a senior at Hopkinton High School and is planning to attend Siena College in Loudonville, NY. She wishes to pursue a graduate degree in the medical field. As an exemplary student, Jamie has worked diligently through her rigorous course load to achieve excellent grades and several awards including the AP Scholar Award, the Mathematics Academic Award and St. Michael's Collage Book Award. She is also the founder and president of 11:11, a fundraising club to benefit the Make-A-Wish foundation and captain of the swim team. She also dedicates time to the Concert Band, National Honor Society and many other extracurricular and community service activities.

Robert J. Lemeiux Scholarship Recipients:

Alexandra Patterson is a senior at Hopkinton High School and is planning to attend Suffolk University in Boston. With a strong passion for the Spanish language and culture, she hopes to pursue a career that will enable her to use her ability to learn new languages and communicate with others. A dedicated and determined student, Alex has taken on many responsibilities outside of school while also involving herself in school clubs such as the GSA, National Junior Classical League, National Honor Society and S.A.D.D. Along with various community service projects she has also proven her dedication to helping others by volunteering as a tutor at Hopkinton High School.

Victoria Clark is a senior at Joseph P. Keefe Technical School and is planning to attend Oakland University in Rochester, MI. As the top student in her class, she intends to continue on with her passion and study Electronic Engineering. Victoria participated in a co-op at the TJX corporate offices in addition to playing on the varsity basketball team (captain), the varsity volleyball team, and track and field. She was also the Student Counsel Vice President. She competes in SkillsUSA, BPA and the Toastmasters Program. Pursuing a career in the predominantly male engineering field will pose no problem for this bright, determined and well-rounded young woman.

Zachary Sellman is a senior at Hopkinton High School and is planning to attend Worcester Polytechnic Institute. Going into the Biomedical Engineering field, Zach is passionate about helping others and gaining an education to enhance health conditions worldwide. Taking Honors & AP classes, shadowing a dentist and an orthodontist, and participating in several retreats and mission trips has given Zach great insight into the health care field. His love for soccer led him to play for school and club teams, earning him starting position senior year and the Unsung Hero Award. Zach is committed to his schoolwork, extracurricular activities and community service, and also makes time to spend with family and friends.

Geena Byrne is a senior at Ashland High School and is planning to attend Roger Williams University in RI. Passionate about architecture, she hopes to focus on Eco-friendly designs driven by her belief that it is our responsibility to keep our planet clean and green. Geena is currently the captain of the Varsity Cheerleading squad where she has won multiple awards for her outstanding performance. She is also a lifeguard in the summer with CPR, AED, and Red Cross Certifications.

Jenae Liu is a senior at Joseph P. Keefe Technical School and is planning to attend Framingham State University. She wishes to pursue a career in Early Childhood Education, and has been gaining valuable experience at local childcare centers as well as through the Early Childhood Career and Technical Education program at school. Ranking in the top 15% of her class, Jenae has achieved a near perfect 3.9 GPA while taking a rigorous course load including many honors classes. Her motivation and dedication has proven Jenae a top student as well as a positive influence on her peers.

Megan Davis is a senior at Algonquin Regional High School and is planning to attend Ithaca College in NY, where she will pursue her goal of becoming an Occupational Therapist. Megan's GPA is over 4.5, ranking her in the top 15% of her class, and she has proven to be a delight in the classroom. With enthusiasm and natural curiosity, Megan's teachers enjoy her presence and her peers appreciate her positive insight. Megan is dedicated to helping others and gives her time generously, volunteering in her community as well as in foreign countries. When she's not busy competing for the track team, she works countless hours for her church volunteering as a Sunday school teacher and sharing her faith with others.

Ariel Cormier is a senior at Wayland High School and is planning to attend Salve Regina University. She wishes to pursue a career in Education to continue her desire to help and serve others in her community. Dedicated to promoting a substance-free life, Ariel has helped promote and encourage safe social lives for teens by taking part in Youth Action Group. Academically, Ariel is a high performer and has earned the respect of her peers by demonstrating hard work and perseverance. She is also active in several volunteer service groups and extracurricular activities, including dance, summer internships, and teaching/advising younger students.

Benjamin Faucher is a senior at Hopkinton High School and is planning to attend either Boston University, Northeastern University or UMass Amherst in the Fall. With a passion for technology and computers, Ben has spent his academic career in Honors and AP classes earning him a place in the top 5% of his class. Ben is a musician as well as a sound technician and participates in his school marching band, musical/theatre productions, and playing the piano. Devoted to learning, Ben has proven to be a role model for others taking numerous challenging courses as well as being involved in several Community Service projects and school clubs.
