

# (SUPER) WOMEN IN BUSINESS

## Special Event Sponsorship Opportunities

*su·per – excellent, outstanding, marvelous, magnificent, glorious.*

### Featuring: Focus on the 90% with Darci Lang

*Focus on the 90% is one simple tool that reminds your group that they have a choice what they focus their lens on, the 90% that is positive and good, or the 10% that is not so positive. I think we hear the motivational speakers at conferences and we are totally motivated until the car ride home. We hear the speakers share ways, habits or ideas and we go back to our enormous life and we don't have time to do what is on our desk, much less five new ways to do it. My hope is if it is one simple message it will be something that will stick. I want them to go back to work and put their mini magnifying glass up in their office and reflect on, "How often do I focus on the positives at work and how is that affecting my self-worth, those that I work with, those I serve and those I go home to at the end of a long day?"*
