

CERTIFICATES OF ORIGIN

Novato Chamber of Commerce

A Certificate of Origin (CO) is an important international trade document attesting that goods in a particular export shipment are wholly obtained, produced, manufactured or processed in a particular country. COs also constitute a declaration by the exporter. Virtually every country in the world considers the origin of imported goods when determining what duties/taxes will be assessed on the goods or, in some cases, whether the goods may be legally imported at all.
