

Bank of Marin

As a leading business and community bank in the Bay Area, with 23 offices in San Francisco, Marin, Napa, Sonoma and Alameda counties, Bank of Marin provides business and personal banking, commercial lending, and wealth management and trust services to individuals, privately held businesses and non-profit organizations.

Since its inception, Bank of Marin has supported businesses not only with dollars and volunteer hours, but by using local vendors and suppliers for internal business use as well as customer and employee events. The small business lending program offers customized financing solutions for such issues as seasonal needs, business expansion, capital purchases and debt consolidation. Bank of Marin also developed a program for the San Rafael dental community, making it easier for young dentists to purchase a practice or set up or update a dental office.

At their annual Spirit of Marin Awards, the Bank partners with all the Chambers of Commerce in Marin to honor the achievements and volunteer spirit of local businesses and business citizens. Bank of Marin employees were also proud to continue their support of Bay Area non-profits in 2018, with close to 7,000 volunteer hours at over 350 organizations. It is committed to investing not just deposits through lending to local businesses, but also time, financial contributions and leadership to many worthy organizations, including the San Rafael Chamber, CVNL, SchoolsRule-Marin, and Whistlestop.

Stop by any of their 10 Marin branches or log onto www.bankofmarin.com.
