

Bank of Marin

For the past 30 years, Bank of Marin has been committed to helping build stronger local economies and communities. As a leading business and community bank in the Bay Area, with 24 offices in San Francisco, Marin, Napa, Sonoma, Contra Costa and Alameda counties, they provide business and personal banking, commercial lending, and wealth management and trust services to individuals, privately held businesses and nonprofit organizations.

Commitment to the community has been one of their core values since they opened their doors in 1990. As part of this commitment, they welcome the opportunity to recognize local business people, community partners and their employees for their tireless generosity. At their annual Spirit of Marin Awards, Bank of Marin works with all the Chambers of Commerce in Marin to honor the achievements and volunteer spirit of local businesses and business citizens.

Bank of Marin employees were also proud to continue their support of Bay Area nonprofits in 2019, with more than 7,000 volunteer hours spent at over 310 organizations. In their most recent annual giving campaign, Bank of Marin reached nearly 100% employee participation and supported over 75 organizations.

San Rafael has been a part of Bank of Marin history since Day 1. The very first Bank of Marin branch is still located on 4th and A. They annually support more than 75 San Rafael-based nonprofits with financial contributions, and a number of Bank officers serve on the boards of those organizations, including Whistlestop, Downtown San Rafael Business Improvement District, and Lifehouse. Bank of Marin is also a committed civic leader, supporting not only the many programs of the Chamber of Commerce, including the Leadership Institute, but also a number of San Rafael-based Rotary Clubs.

To learn more about Bank of Marin, stop by any of their 10 Marin branches or log onto www.bankofmarin.com.
