

Mechanics Bank

Lending a hand in our communities since 1905, Mechanics Bank provides a wide range of personal banking, business banking, trust and estate services, brokerage and wealth management services. And through our recent acquisition of Rabobank, N.A., we offer even greater strength, stability and convenience, while staying true to our deep roots here in San Rafael – and at 143 more branch offices across California and in Southern Oregon.

Throughout our growth and expansion, we have maintained our commitment to the values and the culture that have defined us. From the Imperial Valley to the Cascades, and from the coastal cities and towns to the Sierra Nevada foothills, our dedicated and friendly professionals are passionate about serving the banking and lending needs of our clients, and take pride in partnerships that support, sustain and encourage innovative stewardship and economic prosperity.

Following in the footsteps of our founder, E.M. Downer, we continue to work hard to earn your trust, serve all of your financial needs and support our local communities.
