

Sutter Health

Sutter Health has a long history in California. Some of our facilities have been providing care in the communities we serve for more than 100 years. Today, we're proud to partner with more than 12,000 doctors to care for more than 3 million people. In Marin County, Sutter Health operates Novato Community Hospital, Sutter Pacific Medical Foundation physician offices, Sutter Surgery Center, Outpatient Physical Therapy and an Urgent Care Center in San Rafael.

Sutter Pacific Medical Foundation has medical offices throughout Marin County, where patients can see top-rated physicians that specialize in internal medicine, pediatrics, cardiac electrophysiology, complementary and integrative medicine, pulmonary medicine, gastrointestinal, bariatric and endocrine surgery, and a variety of pediatric subspecialties such as cardiology, endocrinology, gastroenterology, neurology, and child and adolescent psychiatry.

Sutter Health's Novato Community Hospital has served the residents of Marin County since 1961. In 2001, generous donors partnered with Sutter Health to build the current hospital. This partnership was possible because the community recognizes Novato Community Hospital as an outstanding resource. Novato Community Hospital's Emergency Department consistently ranks among the highest in the nation in patient customer service and treats more than 14,000 patients per year, regardless of patients' insurance coverage or their ability to pay.

As part of our not-for-profit mission to serve our local residents, we invest in programs and services to benefit the community at large, including children, youth and seniors, and the homeless and disabled. We proudly partner with more than 30 local organizations, including Novato Unified School District, RotaCare, Homeward Bound, Marin Community Clinics, Whistlestop, Center for Domestic Peace and others.

Sutter Health is a Northern California not-for-profit network of hospitals, ambulatory surgery centers, doctors, nurses and clinicians who share expertise and resources to advance healthcare quality. For more information about our programs and services in Marin County or to find the doctor who's right for you, visit sutterhealth.org.
