V1: Time for another Chamber Business Profile with the Humboldt and District Chamber of Commerce.  
 V2: Opening their doors in the Geschaft Centre in 19-85, Diamonds of Detroit quickly became the place to go for your diamonds and fine jewelry in Humboldt. They're recognized for their excellence and keen eye for details, and their involvement in thousands of engagements in the area. Their staff are the epitome of customer service, willing to bend over backwards to find what you are looking for. They pride themselves in the integrity and consistent value in every piece that leaves the store. New owners Olivia and Richard Coffyne took over the legacy in early 20-16 and are continuing to build this successful empire. Sourcing unique brands for every budget, they have truly made this business their own while continuing the quality Diamonds of Detroit has become known for. Soon opening in their new location on 6th avenue in downtown Humboldt, expect some new adventures in jewelry from this established business. And always remember, quality comes in a burgundy box.  
 V1: This Business Profile segment is brought to you by Humboldt and District Chamber of Commerce.
