THE PACC EDGE

Engage, Discuss, Grow, Educate

The PACC EDGE is a peer-to-peer support and mentoring program designed to push personal and professional growth by fostering close business relationships amongst Pickerington Area Chamber members. Participants provide support, feedback and expertise to each other in a confidential, small-group setting. EDGE members meet a minimum of once per month.

Objective

- To develop close business relationships between a small group of Chamber members in order to achieve business success while driving personal and professional growth.

Guiding Principles

- **Confidentiality**
 - All information shared in an EDGE meeting stays in the EDGE meeting
 - Signed Confidentiality Agreement required
- **Communication**
 - Communication between participants is expected to be open and supportive
 - All verbal and written communication must be conducive to fostering productive relationships between group members
- **Advice**
 - The EDGE program offers peer support not business advice
 - Participants draw upon their own experience and learning when offering suggestions and support for other members.
- **Advertisement-free**
 - While participants are expected to develop close business relationships with each other, EDGE meetings are a "sales pitch free" zone
- **Commitment**
 - To get the most out of EDGE, regular attendance is important!
 - Participants are expected to engage and interact during meetings

Registration

- Registration is \$300 per person or \$25 per month
- Members at the **I Thrive** level of investment receive a 50% discount on one (1) registration
- One (1) registration is included at the **I Advocate** level of member investment
- Up to two (2) registrations are included at the **I Invest** level of member investment
