

The benefits of Blue View Vision are clear

Eye doctors are often the first to discover signs of chronic health conditions during an eye exam. That's why it's important for your employees to have access to Anthem Blue Cross and Blue Shield's industry-leading vision plan.

Blue View VisionSM is included in all Anthem small group health plans and includes benefits for both children and adults.

- Adult plans include coverage for routine eye exams. Standalone vision material plans are also available and include coverage for eyewear.
- Pediatric benefits include full Essential Health Benefit coverage for routine eye exams and eyewear.
- Access to one of the largest vision care networks in the industry. Choice of more than 33,000 eye doctors at over 26,000 locations.
- Our national network includes a wide selection of independent eye doctors, as well as online and regional retailers, or members can visit Glasses.com, ContactsDirect, 1-800 CONTACTS, LensCrafters®, Pearle Vision®, Sears Optical®, Target Optical® and JC Penney® Optical stores.
- Discounts available from network providers.
- Clinical and administrative integration with medical plans including one ID card and one account team.

You can learn more by watching our [short Blue View Vision video](#). Ask your Anthem Sales representative for more information.
