COVID-19 Crisis Management Resources
Like most of our Members, we’ve spent the last several days and weeks learning about the coronavirus (COVID-19) and the impact it’s having on our communities. We know that Members are making tough decisions and unique accommodations. That said, the Chamber staff is available and ready to help. We’ve also put together a list of key resources, listed below.

U.S. Small Business Administration

As of March 18, the SBA has issued an Economic Injury Disaster Loan (EIDL) declaration for the State of New Jersey. This means that small business owners throughout the state are now eligible to apply for a low-interest loan due to the temporary loss of revenue during the Coronavirus (COVID-19) emergency.
