We now have Wilde Thyme soups, bread mixes, and dips (savory and sweet) at the Bradley Hall.

The owners, Bill and Sue, are committed to making sure that their soups, dips and mixes contain only the finest ingredients including freeze-dried and dehydrated fruits and vegetables. They consistently search for the best ingredients and sources for their products, whether it is natural cheese powder from a Wisconsin creamery or chocolate powder from Ghirardelli. Their products are all natural and have no added preservatives or MSG. The soups simply require water to be added to create a delicious home-style meal. Our dips mix with either sour cream or cream cheese. For consistency, each of our products are hand packaged one at a time. Wilde Thyme products are made in Holland, Michigan, and are licensed through the Michigan Department of Agriculture.
