The City of Lethbridge
910 – 4 Avenue South
Lethbridge, AB T1J 0P6

Dear Mayor and Council:

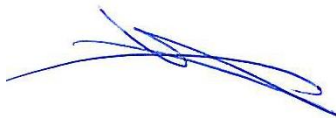

With the City of Lethbridge approaching a population of 100k, residents are increasingly active in their advocacy for more community development as well as upgrades to existing infrastructure.

With rising costs, businesses are concerned with the rate at which municipal investment in new infrastructure may outpace the livability and property of the city as a whole.

The Lethbridge Chamber of Commerce has been paying close attention to the Capital Improvement Plan process and has developed recommendations with a view to future growth that we would encourage you to consider.

We look forward to the opportunity to meet with you to discuss these recommendations further at your convenience.

Sincerely,
