Project Notes:

- A Day in the Life is the second in the video series which showcases the “Live, Work & Play” aspects of the region covered by the North Tampa Bay Chamber. The first of which was produced in 2017.
- Like the first video “Explore”, it will be featured by the chamber for one year, after which, it will remain viewable as part of the series. It will be easily accessed and viewable at any time.
- We appreciate you as a sponsor and it is our goal for you to benefit from the promotional use of the production.
- As a sponsor, you will be sent a link or actual video that can be embedded on your corporate website.
- A digital graphic will be provided indicating that your business sponsored the “Day in the Life” production. It can be used on your corporate website or email signature.
- Your business will have access to use photo or video where your brand is featured.
- 10% of your sponsorship will go directly into the chamber’s scholarship fund.
