

December 2018 Newsletter

The City of Austin adopted a [Strategic Direction](#) earlier this year. GAACC' is a key stakeholder in the City, acting as the bridge to its fastest growing demographic in the area of economic development.

Our leadership has aligned our strategic plan to the City priorities. We know that if we grow our membership, we can better support these goals. The [TOGETHER TO 2020](#) is our goal to make membership accessible and reach 2,020 members by the year 2020. You can hear more from our incoming President, Yuen Yung at our [Holiday Social](#) on Dec 12. We humbly invite you to join us!
