Chairman's Message

Happy New Year!

This fall was such a busy time, I would like to again congratulate the award recipients from the Annual Meeting in October. They were as follows: Volunteer of the Year – Sheila Billingsley; Businesses of the Year

Express Personnel (Small) and Southside Bank (Large); W.C. Windsor Award - Jay Ferguson and the T.B. Butler Award – Anita Ray.

Additionally, congratulations are in order for our newly elected officials. Namely, chamber member Judge Louie Gohmert is our new Congressman from Tyler. We look forward to working with Congressman Gohmert in Washington as well as our State Elected officials in Austin. Please mark your calendar now - Tyler Day in Austin will be held February 28 - March 1. The Government Affairs Committee, chaired by Skip Ogle, is working to coordinate our efforts.

The Tyler Chamber supported the TISD Bond election and its passage sends a strong statement about the value our community places on education. We should all be proud of the investment to make our schools better. Also, the Texas Highway Commission approved the North East Texas Regional Mobility Authority "the NET" which will help expedite the construction of Loop 49 from Highway 110 in Whitehouse to the West and up to Interstate 20 and ultimately back up to US 69 North in Lindale. This project will be considered as a toll project which will result in a user fee for those who choose to use this route. We are fortunate that there are sufficient alternate routes in the area – but none will ultimately save the time Loop 49 will. The economic impact will exceed \$125 million to our area.

As we begin 2005, the Tyler Convention and Visitors Bureau has launched its new Tourism Award. This will be awarded quarterly to an individual employee of a Chamber member business who has given outstanding customer service or made someone feel really special. We like to call it "good old fashioned southern hospitality!"

In just a few weeks, the Annual Business Expo will be held on January 20th. Last year set a new record for attendance. Don't miss this great opportunity to network!

In a couple of months, Past Chairman, Mike Thomas will present the final recommendations from the Vision 2010 for us to incorporate into our work plans. Seeing the diverse and great community leaders come together with a long range plan and vision for Tyler means only one thing; great things will continue to happen in Tyler/Smith County. This is one of the many great attributes of our community. We find ways we CAN do things instead of trying to make excuses. Thanks to our great members and volunteers, this is what separates our community from other parts of the state and our nation. Keep up the good work!

Jeff Austin III

getIT

Greater East Texas Information Technology Managers

Information Technology (IT) is a moving target. New technologies and strategies are introduced daily. It is not possible for any single person to be an expert in all of IT. All of us can use help.

IT Professionals love to learn and share their experience and knowledge. In our community, we lack a good networking opportunity for IT Professionals to meet and compare notes. If we had such an opportunity, we would all be better off and our community would greatly benefit. We would be able to take advantage of what each other has to offer and learn from each other's experiences and mistakes. We could save time and money on research and consultants. There would be much to be gained.

Enter getIT, Greater East Texas Information Technology Managers Club. getIT is an Information Technology Managers club, created to facilitate the exchange of technology information among businesses within our community. The program is sponsored by the Tyler Area Chamber of Commerce Technology Committee.

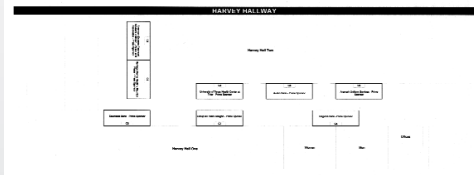

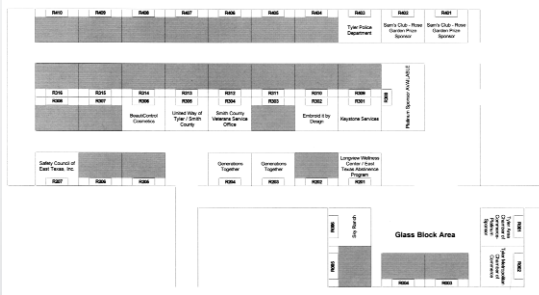

getIT members had their first meeting in May 2004 and meet on the 3rd Thursday each month. The meetings are after-hours (5:00 to 7:00 pm) and informal. We usually have a speaker and often meet at Rick's On The Square. getIT currently has over 50 members, representing 35 businesses. Membership is open to Information Technology Managers. Membership is \$25/year.

Go to www.EastTexasIT.com for more information. To join getIT, contact Venu Rao at 903-531-5074, raov@tmfhs.org or Diane Thomason at 903-526-6655, dthomason@network-designgroup.com
