Chairman's Message

As many settle in for the lazy days of summer, we reflect on the hard work being done in our community. Many collaborative efforts are in the works that are resulting in great progress.

Mike Thomas continues to make presentations of the final Vision 2010 plan to area groups where he is gathering input and endorsements by numerous local organizations.

The Regional Mobility Authority, with combined leadership from residents of Smith and Gregg counties, continues to make great strides regarding transportation needs that will benefit our entire region.

The South Broadway road construction is underway! The end result of this short term painful situation will be safer roads and greater movement of our ever-increasing traffic. We are thankful to TxDOT for their hard work to keep our traffic moving.

Special thanks to our legislators who recently cleared the way for UT Health Center to grant new degrees. The partnerships that UT Tyler and UT Health Center have formed on a variety of projects impact our community in many ways. Did you know that Tyler is one of only three cities in Texas with 2 UT institutions? The other 2 are Dallas and San Antonio!

We are so lucky that our community has the talent, tools, and resources to make great strides in promoting Tyler and Smith County's growth and progress. Your part in these efforts is critical as you add your own unique talents to the process. These are all collaborative efforts and we are all partners.

Looking forward to a busy Fall ---have a great finish to your summer!

This is an annual event held to recognize the importance of education and
