

HOW OUR CHAMBER MAKES DRUG TESTING EASY

Our chamber makes DDW certification simple by providing employer file folders with documents and information needed for certification. These folders will include:

1. **Forms:** We provide all needed forms to include 60 Day Notice Letter, Consent & Release Forms, Testing Request Forms, and Reasonable Suspicion Observation Forms.
2. **DDW Company Policy:** We write your company policy to fit your company needs.
3. **Company EAP:** We provide an Employee Assistance Program.
4. **Education & Training:** We provide DDW education and training with CD's, monthly educational newsletters (English & Spanish), and work training sessions for supervisors.
5. **DDW Signs:** We provide DDW signs and suggested logo usage.
6. **Contacts:** We provide contact information on a local level from our Chamber DDW Committee to include free personal assistance to get your company's program certified, assist in training, and answer questions as they arise. We provide contact information on a law office that will answer legal questions concerning the Georgia Worker's Compensation Drug Free Workplace Program at no charge.
7. **Certification:** We provide information on how to get certified or recertified each year.
