Connecting Business

Networking

Local business relationships generate leads, drive transactions and supply companies with reliable streams of talent. Increase your exposure, meet new clients and build your customer base by engaging with other businesses in the area at events like our monthly Business After 5 series.

Relationship

With local representation comes local engagement. Membership gives you a chance to connect more closely with individuals and groups in our community. It enables you to give back where you live.

Lobbying

An active local chamber of commerce is influential with municipal government and watches for the opportunities, like the chance to be part of the Bruce Power expansion project.

Promotion

The Huron Chamber of Commerce distributes a regular e-newsletter and annual directory with opportunities for advertising. Our annual Spirit of Success Awards Gala and other high-profile events will increase your exposure locally and beyond.

Education

Chamber membership provides education and training opportunities that nurture our next generation of leaders. You can serve on local boards and gain experience in leadership, work with major community events and become community partners, and learn from local experts how to leverage programs to promote business success.
