

COVID-19 BUSINESS PLAN NOTICE

As a service to Columbus area businesses, here's a ready-to-post notice designed to communicate what your business is doing to reduce harm to employees and customers.

All Indiana businesses should take measures and institute safeguards to ensure a safe environment for their employees, customers, and clients. By posting this sign, you imply that you are abiding by the State of Indiana's Back on Track guidelines for your industry.

Should you need assistance interpreting or implementing these safeguards, Columbus Regional Health is willing to provide assistance via on-site consultations conducted by its experienced occupational health and safety team.

While there may be a nominal fee for this service, CRH will ensure that cost is not a barrier to businesses getting the assistance in order to reduce the threat to employees and customers during the COVID-19 outbreak. Contact Anthony Ricchiuto at aricchiuto@crh.org for more information.
