Reading and Approval of Minutes

Nabil Zahrah motioned to approve the minutes from the Low-Line Committee meeting on April 26, 2017, seconded by Darian Campise; motion carries.

Low-Line Project

- **Ashland and Paulina Design:** PORT presented revised drawings for the Low-Line spaces at Ashland and Paulina and noted the challenges of each of the spaces. Committee members discussed the total budget for the project, which PORT estimated would cost approximately \$270,000 and could be implemented in phases over multiple years. Committee members agreed that the designs reflected the community input received at the first public meeting and through online surveying, and discussed holding the next community meeting on June 6 or June 13, depending on CTA feedback on the designs and stakeholder availability.
- **Southport Plaza Art Partitions:** PORT presented several configurations for the art partitions at Southport based on the designs shared during the previous Committee meeting. They estimated that the cost of producing each panel would be \$6,000, or a total of \$30,000 for five panels, and said they did not anticipate any other costs. Committee members discussed materials and suggested that PORT should order a sample of the metal panels to test different perforations. Nabil Zahrah motioned to approve a four panel configuration, seconded by Erin Schwartz; motion carries.

Next Committee Meeting Date

Committee members agreed that the next Committee meeting should be held sometime after the community meeting and did not schedule a date.

Darian Campise motioned to adjourn the meeting, seconded by Erin Schwartz; meeting adjourned at 9:34 AM.
