## WE'RE #ALLFORSMALLBIZ (AND ALL FOR CELEBRATING YOU).

People in Southfield are looking for what you offer—and they're looking online. That's why we're teaming up with Google to host a free workshop to help you and your fellow businesses get online and on the map.

Come out and network with fellow retailers, City officials and Chamber members. Also, we will provide a free workshop on getting found on google search and growing your business online.
