The DeLand Area Chamber of Commerce & Orange City Alliance is honored to host its second 2019 Women Empowered Luncheon, "Moments that Matter."

Member businesses wishing to showcase their brands, products, programs and services to attendees, and benefit from promotional marketing for the event, are offered the opportunity to sponsor this program.

At this luncheon event and panel discussion, you will learn from fellow community members how they have used their personal and professional experiences to make a difference on a broader scale. Draw parallels in your own life and identify where your unique skills can enhance the organizations in which you work and the causes that you support.
