Small Business of the Year 2018

The government definition of a small business is any business with 500 or fewer employees!

It's always the small pieces that make the big picture. Although they are called "small businesses" they exceed their name and leave a big impact on our city.

The Small Business of the Year Awards recognize the businesses in Healdsburg that contribute to the quality of life for their employees and Healdsburg residents alike. These businesses add to the cultural and economic diversity that is shining a spotlight on Healdsburg as a great place to live and work.

Help us locate and recognize the small pieces that continue to help Healdsburg grow and thrive.
