(Bronx, NY – January 6, 2017) The Bronx Chamber of Commerce and Kredit Koncepts invite you to attend “Why Excellent Credit is Important to a Business Owner”, a free business workshop on Tuesday, January 17, 2017, from 5:00-7:00pm, at the Hutch Metro Conference Center at the Hutchinson Metro Center, 1200 Waters Place, Bronx, NY 10461.

Meet Kredit Koncept’s President Quincy Luzunaris and Vice President Jeff Broome who will share some techniques and strategies to help you build excellent credit in 2017. Then stick around for after-the-workshop networking. Bring business cards. Shake hands. Share ideas. Meet your business peers. Walk away with potential new business and new business associates.

Kredit Koncepts has provided credit profile enhancement services for the last nine years. Leveraging the power of the internet, they have launched an exciting new model that allows clients to utilize their proprietary software and technology to improve and repair credit on their own. Since their inception in 2009, they have achieved and maintained an A+ rating with the Better Business Bureau and have established a track record of unique services with great customer satisfaction.

They offer great service at an affordable price, quality service, a six-month financial literacy curriculum, and they have a unique relationship with Equifax and technology integration that allows them to provide a market advantage and a huge value to their customers. They have secured alliances with car dealerships, real estate firms, tax agencies, churches, and institutions of higher learning all for the purpose of increasing the financial health and borrowing capacity of their clients.

Having great credit is more than just a score or a number, it's what that score can provide that's important to Kredit Koncepts. They feel that the best part of their business is the thousands of lives they have been able to change and the millions more they will impact.

Quincy Luzunaris is the President and CEO of Kredit Koncepts and has pioneered the first Credit Consultation in the Northeast. He has served on many panels and hosted numerous seminars on the importance of credit and its impact on today's society.

Jeff Broome is the Vice President of Kredit Koncepts, one the fastest growing credit enhancements companies in the country. As a business development leader, Jeff spearheads a new division of the company that provides credit enhancement services to returning citizens, veterans and disabled individuals. Jeff also heads the company's Business-to-Business Division that interfaces with Car dealerships, Tax Professionals and Real Estate.
