Focus Areas

- Alleviating Poverty
- City Branding
- Entrepreneurship
- Talent and Skills Development
- University Engagement

City Branding University Engagement

Columbus

Learn how Columbus has taken an innovative approach to engaging the community and local business in creating a new brand identity for the city and implemented an easy way to help local businesses utilize the new branding through free tool kits and university students as city ambassadors.

Alleviating Poverty Talent and Skills Development Entrepreneurship

Hot Chicken Takeover

Hear how Joe DeLoss created a thriving landmark using a model of hiring those with barriers to employment, but also with a focus on the employee becoming a well rounded individual - leading to a high rate of retention and engaged citizens.

Entrepreneurship University Engagement

Rev1 Ventures

Learn how Rev1 gained access to capital, how they are now sharing that knowledge with new businesses, and how they function as an incubator for startups ranging from marketing to bio sciences to technology.

Talent and Skills Development University Engagement

Honda Plant

Tour Honda and Heritage Center and learn about a large scale advanced manufacturing operation, how Honda connects with businesses around them to create a talent pipeline, and finally, how they utilize and operate on their megasite campus.

Alleviating Poverty Talent and Skills Development Entrepreneurship

Clean Turn

Clean Turn's mission is to strengthen communities with an empowered workforce by creating profitable social enterprises through creating multiple, self-sustaining businesses with a social mindset while also developing a robust workforce.

...and more to come!

Some of the Federal rules that protect against tour changes and loss of passengers' money in publicly sold charters do not apply to this charter flight.
