

Gusts of Big Timber

Gusts of Big Timber opened its doors in 1947 (no, that is not a typo) and is owned and operated by WWII veteran Virgil Gust. Today, 69 years after those doors opened, you can still find Virgil welcoming customers into his wonderful shop.

Virgil was nominated by Gusts of Big Timber employees. Below is the nomination letter submitted to the Chamber.

“We would like to nominate Virgil Gust for the “person of Influence” award as he is one of the most forward thinking people we know. He is always thinking of what is good for our town, and how it will help or promote all of the businesses. Virgil is a huge part of Gusts of Big Timber and at 95 years old, he is a wealth of information, all tried and true from over 65 years in the retail business. He has a heart of gold and is glad to help if someone is in need. To know Virgil is to know what it is to be a good person and a respected member of our community.”

The Sweet Grass County Chamber of Commerce would like to thank Mr. Virgil Gust for his many years of dedicated service to this community.
