**Instructor Jayne Lund:** Jane was born and raised in central Montana and art has always been a part of her life. She enjoys drawing and painting and has painted murals for businesses and local residents as well as drawing pencil portraits. She has also done 3-dimensional work and had a small business in the 1980's making and selling small figurines.

Jayne discovered needle felting in 2000 and it has since become a passion. Jayne says, "wool is an amazing medium. Almost anything that can be sculpted in clay can be sculpted or needle felted in wool." She has needle felted ornaments, rocks, trees, animals, people, and many other things...there is no limit what you can do. She has taught needle felting classes for several years and enjoys teaching needle felting techniques to all who want to learn.
