

Small Group Self-Funding

The solution to the Community Rating nightmare. Small Group Self-Funding offers lower rates for groups with average or better claims experience. Ask BE Solutions if Small Group Self-Funding is right for your business

Smart Funding

Reduce your company's health benefits premium contributions and self-fund a portion of the deductible gap.

Spousal Coverage Medical Expense Reimbursement Plan or Spousal Coverage (MERP)

Reduce your health care benefits investment by moving your married, dual income employees to a spousal plan by covering spousal plan premiums and family out-of-pockets.

Supplemental Health Insurance Plan (SHIP)

Reduce costs of government-funded health benefits programs by helping move your married municipal or state employees to a spousal plan by covering spousal plan premiums and family out-of-pockets.

Wellness Programs

BE Solutions works with a number of nationally recognized wellness program experts. We can help identify the right wellness program for your business, and work with you to integrate the program closely with the health benefits you provide.

DENTAL & VISION PLANS

BE Solutions' stand alone dental and vision plans for small businesses from Delta Dental and Anthem Blue Cross Blue Shield's *Blue Vision* is tailored to small businesses. As many of our small business owners know, dental and vision plans for companies of fewer than 49 employees can be incredibly expensive. Even if these plans are in the budget, many times they are subpar as comparable to larger groups. These Chamber member exclusive plans offer small businesses rates that were once only available to large groups. As well, these plans cover the gamut of dental and vision services.
