Why did you become a Chamber member?

-TruMark Financial wanted to take advantage of the networking opportunities to build meaningful relationships that benefit all involved. The EMCCC had a huge network and a variety of business owners that make a difference in the community which is exactly what our focus is. The Chamber employees made it an easy process so that we could make the most of it!

What do you like most about the EMCCC?

-The business owners and members of the chamber, the convenience of how to profile your business on the website and sign up for events. The Chamber's involvement in the community and difference they make by bringing people together.

What is the most challenging part of your job?

-The most challenging part of my job is having the time to do everything! I'm sure this is a common issue for a lot of people but when you work in a fast-paced environment, time management and organization are the keys to the goals that have been set forth for you. Focus on a priority list and use your time effectively.

What is the most satisfying part of your job?

- When we finally make a difference in someone's life/business. After the effort and time that you put into your day, the most satisfying part is to know that you helped someone reach their financial well-being.

When you're not at work, what might you be doing?

-I enjoy spending time with my family and close friends. I have a 2 year old son that has made the biggest difference in my life. I'm a huge sports fanatic who bleeds green, orange, red and blue!
