A SANTANNA TOOL & DESIGN COMPANY

Member of the Month

Jamilce S. Newton
President and CEO

Santanna Tool & Design is a minority owned company. They started business in 1937, as a machine shop and tool builder and have now become a full-service supplier specializing in automation, welding systems, robotic integration and conveyors.

Their mission is to design, manufacture and integrate the most reliable and cost-effective automated systems in a timely manner while exceeding customer's expectations.

Complete design, simulation, build, debug, and installation

- Automated systems
- Welding systems

- Conveyors
- Design services
- Simulation services
- Manpower reduction projects and kits

Design

Santanna Tool & Design offers mechanical and PLC controls design for manufactured systems. They can deliver models in many native formats including AutoCAD, Catia, Fidas, Inventor and UG. They support Allen Bradley, Siemens and E plan.

Competitive Advantage

Continuous Improvement

Santanna Tool & Design is committed to continuous improvement which involves employees at all levels actively assessing the processes and taking ownership in the quality of their product. The ultimate goal is to exceed customer's expectations in the areas of design, build & installation of the most reliable, maintainable, durable, welding tools and conveyors for the automotive industry.
