

Local Businesses are the Bedrock of Our Communities

To emerge from this with our communities strong and intact we all need to work together and show a strong support to all of our community restaurants, stores, and service providers. You can make a difference. Your support will not go unnoticed and you will be helping thousands and thousands of people.

How can you support Adams Heating & Cooling? We are offering a variety of specials on products and services. In 30+ years of business Adams has never had to lay-off a single employee and we do not intend to break that record. With your support our team will stay busy, provide you and your business with our usual safe, secure and unmatched service. Please tell your friends, neighbors and associates! Call today (262) 723-6565

UV Air Purifier – Adams Heating & Cooling is offering the installation of Honeywell’s UV Air Purifier. The installation of the UV Air Purifier helps stop viruses from reproducing, destroys bacteria and mold, plus they have a model that removes pet, cooking and other odor sources. You can prepay today and have it installed at a later date, or you can have it installed immediately by our fully protected Team of HVAC technicians. “Special Support Your Local Business Pricing” is good thru April 15th or while supplies last.

UV Air Purifier was \$499.00 installed.
