LOOKING FOR A WAY TO SPEND LESS TIME ON PAYROLL?

CONCERNED ABOUT FINES THAT RESULT FROM NOT FILING ACCURATELY?

WISHING FOR MORE PERSONAL SERVICE FROM YOUR CURRENT VENDOR?

1. Focus on your business, not on payroll

With The Payroll Company, payroll services are delivered through an established, proven electronic payroll center. Eliminate the burden of day-to-day payroll and HR tasks as well as labor-intensive annual reporting.

2. Eliminate fines and penalties

Our payroll and other services are managed by highly trained experts who are always up to date on the fast-changing laws that effect your company's payroll. We'll keep you safe from fines that result from incorrect paperwork and reporting.

3. Enjoy human contact

Even though we are a paperless company we are not a "people-less" company. Our 96% customer satisfaction rating illustrates the way our customers appreciate being able to get quick, personal service. We provide:

- Customized Solutions
- Hands-on Training
- Personal Support

Our on-demand service requires no software or hardware to buy, install, maintain, or upgrade. It's easy.
