### ABOUT US

The Hmong Institute, Inc. is a non-profit whose mission is empowering community through educating, preserving, and promoting the Hmong heritage. We recognize COVID-19 impacts each community differently and established the COVID-19 Resource Line to support Southeast Asian and other refugees in Wisconsin.

### WHAT WE OFFER

The goal is to provide bilingual and bicultural support to those who have been affected by COVID-19 to better access resources and navigate the systems in their communities. Our services include: listening to the needs, identify available resource, and help navigate or refer to existing resources within the community. We do not provide direct services through this resource line.
