

## Summers Drilling Ltd.

4405-50 Street

Stony Plain, AB T7Z 1L5

Phone:(780) 963-1282

**What inspired you to start your own business?** I am a 3rd generation business owner who started in 2017.

**What has been your biggest success to date?** Growing an existing business with growth every year in the last 20 years. We have become the #1 in drilling domestic water wells in Alberta, three years in a row.

**What has been your biggest challenge?** The biggest challenge has been the economy.

**If you could speak to your younger self, just starting out, what advice would you give him/her?** To continue to give service like you would like to receive. Always be honest to your customers and clients. Never give up through the tough times and pursue your dreams and always be fair.

**What is your favourite activity or place to visit within the Tri-Region, and why?** I have a huge interest in aviation. So I spend a lot of time at my hanger in **Villeneuve** and spend many hours at the local airports supporting aviation.

**If you could only eat one food for the rest of your life, what would it be and why?** I am a huge fan of cheese. Not sure why.
