

An Opportunity to Shape the Future of Your Community

Provides tax deductible opportunities to fund important needs such as:

- community and youth leadership programs,
- educational facilities and programs,
- scholarship programs,
- police or emergency medical equipment, and
- cultural and historical society projects.

Through estate and direct gifts, establishes permanent endowments to fulfill donors' goals,

- providing stability during periods of economic uncertainty, and
- making sure that charities continue to benefit from donors.

Offers a simple way for businesses and individuals to budget and guide annual contributions,

- redirecting requests to the Foundation, and
- avoiding the awkwardness of saying no.

HUNTINGDON COUNTY FOUNDATION *Foundation for the future*

*An independent foundation,
established by the Huntingdon
County Chamber of Commerce for
the benefit of the Huntingdon
County community.*

Flexible and Effective Ways to Shape Huntingdon County's Future

Charitable Endowments

Are you looking for a way to provide long-term financial support for your favorite Huntingdon County charity? The recently established Huntingdon

County Foundation may be able to provide the means to help you accomplish this goal.

Essentially, the Foundation will manage endowed funds to benefit the charities of the donor's choice. This

approach will allow charities to concentrate on their missions and annual fund-raising without bearing the burden of managing endowments.

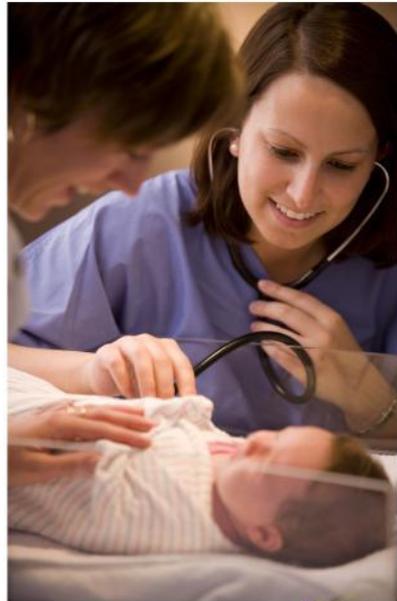

In addition, the Foundation can support various community needs through general endowments not associated with other charitable organizations.

Corporate and individual donors can use endowments to create enduring memorials to the ideals and work of dedicated community members and honored employees and family.

Anyone may also create a donor advised gift fund to take advantage of tax benefits, while participating in directing those funds to qualified educational and charitable organizations.

The Foundation offers other benefits to donors who may receive dozens of solicitation requests annually. They may establish an annual budget managed by the Foundation following guidelines set by the donors.

Check out these and other ways the Huntingdon County Foundation may help you accomplish your goals.

Support for Leadership Huntingdon County

One of the best ways to ensure great leadership of civic, charitable and governmental organizations is to provide the background information, networking and process skills for those who seek to make a difference. Participation in Leadership Huntingdon County is made possible by corporate sponsorships and individual scholarships. Through gifts and sponsorships provided to the Huntingdon County Foundation, the Foundation supports for the Huntingdon County Chamber of Commerce in conducting this vital program.

Providing Leadership Development of Huntingdon Area Youth

The Huntingdon County Foundation offers an excellent way to support the youth in our community. Currently, the Foundation supports an annual youth leadership program for area high school students. Gifts to the Foundation can strengthen leadership development—a great investment in the County's future.
