

Melody English
Class of 2004

"The most significant learning I had as a result of my participation in the program was what I learned from my fellow classmates. The relationships I formed, both personally and professionally, have been significant in what they have taught me about myself and my community."

Mary Scott
Class of 2004

"I became aware of all our County has to offer and who is doing what in the County. It (Leadership Huntingdon County) was a great way to learn about organizations and leaders working in the community. For networking purposes, it was of tremendous value and its benefits will be seen in years to come."

Jim Willis
Class of 2004

"The tremendous diversity of the people in the class significantly made me aware of the many types of people in Huntingdon County. They're such a wealth of information to draw on."

Rebecca Ann Weikart Bard
Class of 2006

“Leadership Huntingdon County has taught me to appreciate the benefits of working with a truly cohesive unit, each member came from a different professional and/or social background and we were able to use our connections within the community to work together.”

Heather Boyer
Class of 2006

“Leadership Huntingdon County provided me a great opportunity to not only learn more about the community I live in, but also develop friendships with my classmates. I learned many skills to become an effective leader and develop my community while networking with classmates who came from many different professions and social backgrounds.”

Patricia S. Endres
Class of 2007

Winston Churchill, "We make a living by what we do, but we make a life by what we give." Through the Leadership Huntingdon County program, we the members of the Helping Hands group have been given the opportunity to help educate the public in areas of our county that need volunteers. Without a volunteer, (a person who voluntarily undertakes or expresses a willingness to serve without monetary compensation) most organizations and programs would not be successful."

Donna Marcotte
Class of 2007

"Our leadership project team was composed of life-long residents of Huntingdon County, those who had lived elsewhere and returned to the area and one person who had chosen to relocate to Huntingdon. We were all enriched, on some level, by the broad-based information we received about the multiple opportunities, resources, activities and programs Huntingdon County has to offer. The class also gave us the opportunity to meet people of various ages and professions who we may not have otherwise been fortunate enough to meet. What a great experience!"

Dwight Washabaugh
Class of 2010

"Leadership Huntingdon County has been and continues to be a positive life changing experience. LHC has enabled connections with many area professionals and businesses and has opened new worlds of opportunity. Thank you LHC!"

Mark Colussy
Class of 2015

“Leadership Huntingdon County is an excellent way to become a leader in your community, making you strive to be excellent in both your professional and personal life.”

Nicole Houck
Class of 2015

“Leadership Huntingdon County taught me a lot about the history of the area and all of the resources our county has to offer. I graduated from the program with a better knowledge of my community, as well as the tools I need to be an effective leader not only in our county, but the world at large.”

Heidi Leonard
Class of 2015

“I enjoyed getting to know a great group of people. I also loved the project that we completed. It is not something that I would have done or probably even thought of outside of this class. I appreciated learning more about the community that I live in.”

Penny Dolak
Class of 2017

"I had decided to sign up for Leadership Huntingdon County to learn new skills and network with other leaders in the community. By the time I graduated, I had gained so much more. My classmates had as much to offer as our instructors. It was extremely interesting just to learn what they did in their leadership roles. It was a huge networking opportunity but it also turned into a "family" of sorts. I know that I will always be able to count on the people I graduated with. I also learned a lot about the history of our county. I was not raised in this area but I have been here for 18 years and it was so fascinating to learn how rich in history our area is."

Amanda Jenkins
Class of 2019

"Although already active in leadership, I never turn away from an opportunity to grow. The real draw for me however was the prospect to develop my network. Leadership Huntingdon County has exceeded both of these goals. I am fascinated by what I've learned of our county's rich history, opportunities, and diverse leaders. I have new life-long friends. Way to go LHC!"
