

Join us to learn how your business can be a part of a community partnership that will keep local talent, fill needed positions, and provide opportunities for students to be more career and college ready.

This training will introduce local businesses to college and career readiness conversations in the Sauk Valley Area – you will be trained how to use the Inspire platform. “Making Opportunities Real for Everyone” plans to offer the Inspire Platform through the Whiteside Area Career Center beginning the 2017-18 school year. Through the platform, students will be able to actively interact with area employers and career coaches.
