

## Business Spotlight of the Month

Every month the Germantown Chamber of Commerce will profile a different member that helps make our community so unique. The member spotlight page will feature a different member-business every month, giving our supporters and visitors a chance to get to know the many businesses that make our association possible.

In 250 words or less, we invite you to tell your company's story. Up to two-member organization or individuals will be highlighted at a time, with each being on our web, Facebook and newsletter.
