Real Estate Is My Business.

My Only Business.

I am dedicated to serving my Clients. I will communicate with you and follow through on details. I know the local real estate market and how to help you present your house to attract prospective buyers. As an active member of the local Board of Realtors® and the Multiple Listing Service, I cooperate fully with other brokers and agents to ensure maximum marketing exposure for your property.

I belong to the Chamber because they represent the community where I live and raised my family and now my grandson. We are Germantown!
