

**2018 CHAIRMAN'S AWARD**  
**Presented by Dr. Kathy Campbell**

**Our next award is very special to me because it's the Chairman's Award.**

**I am proud to recognize a company that has exemplified the spirit of regionalism by its corporate involvement, financial investment, and by its dedication to exceptional customer service. The corporation was founded in 1997 and is headquartered in downtown Tulsa. Their core values are predicated on two things: Relationships and Excellence. Their corporate philosophy is that a project is only successful if the quality of their product is excellent AND they build a worthwhile relationship with their clients.**

**In 2018, Gary and I attended many meetings in Tulsa, Oklahoma City, D.C, Columbus Ohio and, right here, in Owasso. It always seemed that the leaders of this company were present and actively engaged. Their investment of time, labor, and money gained my attention and earned my respect.**

**In the past few years, this company has become very active in the Owasso Chamber via our Monthly Membership Luncheons, Legislative Luncheons, Leadership Owasso program, our Annual Golf Tournament, and even at today's Annual Luncheon.**

**The company that I have been referring to is CYNTERGY, an outstanding Architectural and Engineering firm. Nearly a dozen of their employees are Owasso residents. I want to express my respect to their entire management team led by Gordy Guest, Senior Principal & CEO. Gordy couldn't be here today, but I've had the pleasure of watching him in action. He is a strong advocate for regionalism, travels a great deal with the Tulsa Regional Chamber, is very well respected--people always gather around him, he is a man of faith, and without a doubt, dedicated to making the Tulsa region a great place to live, work, and play.**

**Ladies and gentlemen, I'm proud to present the 2018 Chairman's Award to CYNTERGY.**

**May I ask Jeff Ferguson, Principal & Director of Mechanical Engineering to come up and accept the Award.**
