

The Leadership Owasso program is designed to develop strong leaders in the Owasso area who are interested in expanding their knowledge in the areas of government, education, economic development and quality of life initiatives. Leadership Owasso is a community based program that will increase the participant's knowledge of, commitment to and involvement in Owasso, the City Without Limits. The 8 session program begins in October each year and ends the following May with a group trip to the State Capitol. Graduates are presented with their certificate at the June Monthly Luncheon.

You will learn. We can guarantee that every participant will increase their knowledge of the Owasso community, no matter how long you have lived here. The scope of Leadership Owasso will engage you in new ideas.

You will meet new people—business and community leaders. You will get to know your classmates well and form lifelong friendships and community partners. You will also be interacting with dignitaries from around the state.

You will gain new perspectives. Participants are selected for their diversity of experiences, therefore, you will hear perspectives that are deeply felt, strongly supported and perhaps different from your own. You will have many opportunities to share your experiences and beliefs with others who have not heard your voice before.

You will reinforce and energize your commitment to community service. As a result of Leadership Owasso, you will be considerably more effective in your business and community work.

You Must Make A Time Commitment

All participants in the Leadership Owasso class are incredibly busy people from all walks of life. Your application indicates your commitment to attend and participate in **all** classes.

You may miss **no more** than one class during the year in order to successfully complete the program.
